Forum Overview:

Miles of Love: LGBT+ Travel Advocacy Forum: The travel industry has worked hard to enable both staff and customers to be themselves. But the wonder of travel is still tainted by the fact that, in many popular travel destinations, love and being LGBT+ is still illegal. This Forum will be a unique opportunity to explore how the travel industry can work with LGBT+ communities and activists around the world to become real travel agents of change. High profile leaders and speakers from across the globe will offer insights, connections, solutions and training on bridging the gap between human rights and travel. [Registration Link Here](#)

Event Organisers:

Planet Ally

Founded in 2016, our mission is to build a planet of allies. As a leading nonprofit dedicated to empowering allyship, we give people the resources and tools to advance human rights and help build stronger, more resilient communities. Our flagship events are the Asia-Pacific Rainbow Families Forum, Miles of Love, LGBT+ Travel Advocacy Forum and the Human Dignity Festival. Across APAC and MENA, we empower communities online, on the ground and when travelling. "We want to live on a planet of allies!"

All Out

All Out is a global movement fighting for a world where NO ONE has to sacrifice their family, freedom, safety, or dignity because of who they are or who they love. We mobilise thousands of people around the world to stand up for LGBT rights. When a moment of crisis or opportunity comes up – like an anti-gay law going to a vote or a crackdown on a Pride march – All Out works closely with partners to come up with inspiring ways for our members to take action. From signing a petition to joining a protest, from sharing on social media to making a donation, All Out members turn solidarity into action every single day.
